

SEP and DEP project update

EEEEGR Marine Science and Technology Conference 2024

Daniel Richards, 17th April 2024

SEP and DEP Project Recap

- Sheringham Shoal operational since 2012
- Dudgeon operational since 2017
- Agreement for Lease for extension projects signed in 2020
- Up to 23 new turbines in SEP
- Up to 30 new turbines in DEP
- Interlink cable corridors between SEP and DEP
- Two AC export cables to landfall in Weybourne

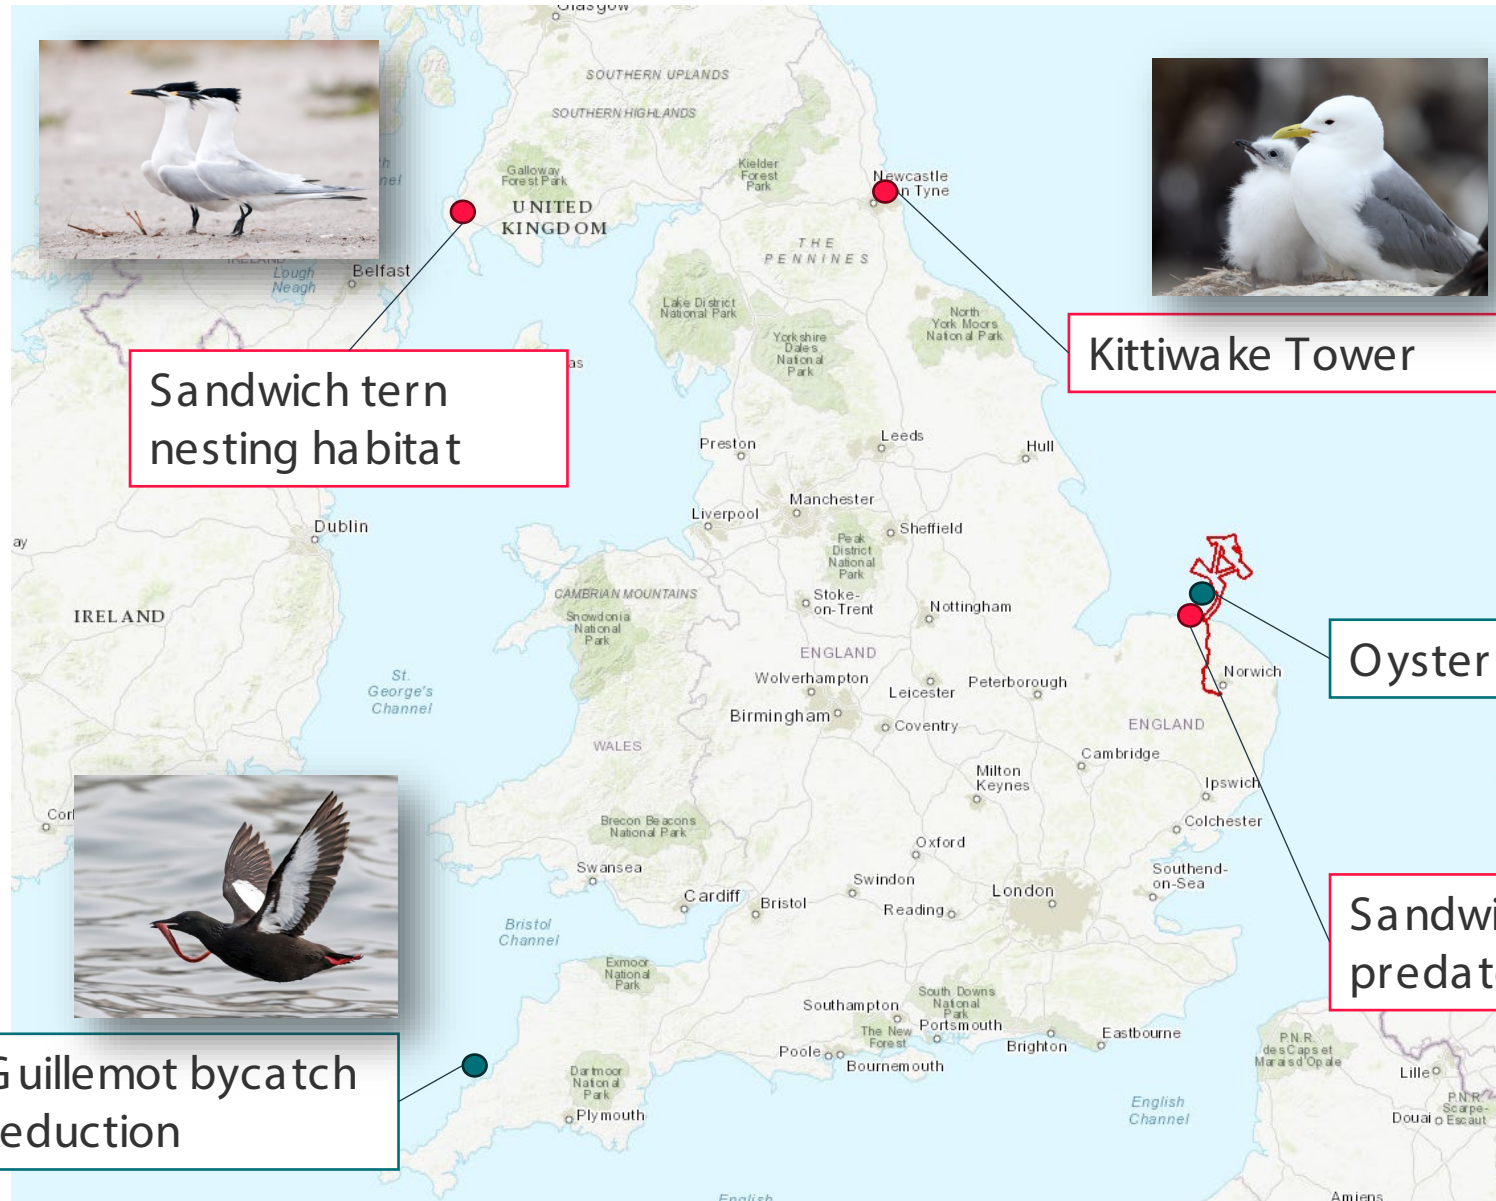

Development Consent Order update

- DCO application for both SEP and DEP submitted September 2022
- Examination closed July 2023
- Examining Authority’s recommendation report submitted to Secretary of State 17 October 2023
- Secretary of State delayed the consent decision deadline by 3 months to 17 April 2024

Upcoming Activities: Environmental Compensation

Habitats Regulations
Assessment Derogation

Research portfolio | Offshore wind Sustainability

Improved understanding of bird displacement and collision risk for offshore wind farms

Reducing consenting risk related to underwater noise of offshore wind farms

Offshore wind farms and the marine environment - impact and dependencies

Solutions for offshore wind to support the biodiversity net-positive approach

Offshore wind farm co-existence and just transition

Solutions for circular offshore wind farms to conserve natural resources

Improved sustainability performance by development of digitized data and tools

Ecosystem impact and risk

Co-existence

Circularity

Sustainability data quantification and analysis

EEEG R Marine Science and Technology Conference 2024 – SEP and DEP Project Update
