

Peel Ports Great Yarmouth Decommissioning Discussions

James Crosswell

Peel Ports
More Than Ports

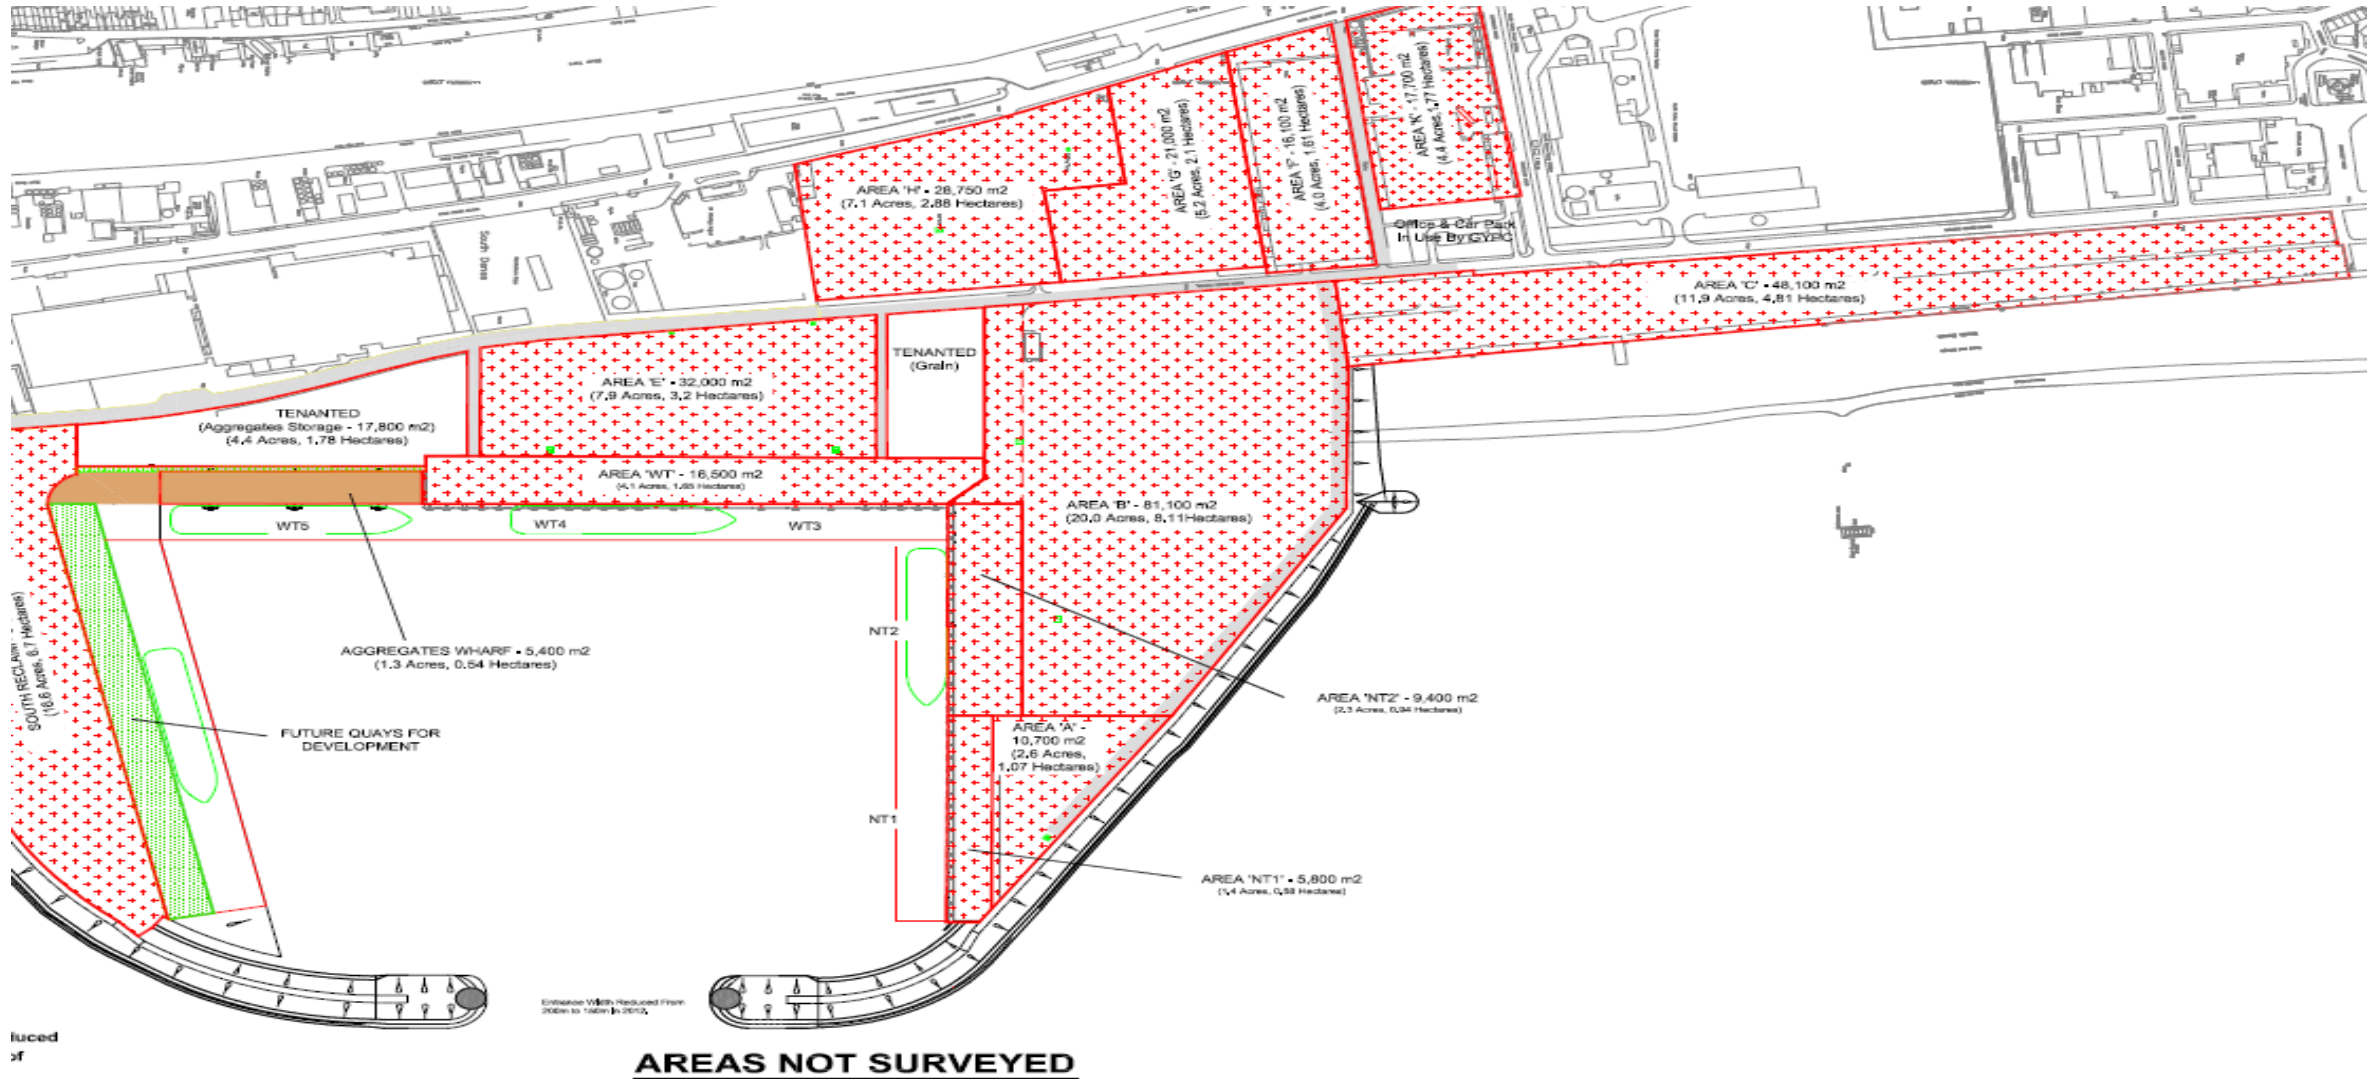

Port Capabilities

Great Yarmouth Outer Harbour and River Berths

- 24/7 unrestricted operations with expertise in offshore, oil & gas and proven track record in decom projects.
- No locks, no bridges and consistent deep-water approach for larger vessels.
- Port is split into our purpose-built Outer Harbour and Inner Harbour (river) facilities.
- Some of the fastest steaming times to/from the platforms.
- **Outer Harbour**
 - Our deep-water Outer Harbour can accommodate vessels up to 250m LOA with 10.5m chart datum and a 1 - 2m tidal range.
 - 800m berth capacity (400m NT and 400m WT)
 - 32,000m² (8 acres) quay space.
 - 62 acres open storage space to lease with over 30 acres strengthened for heavy use.
 - Heavy lift pad supporting 28t m².
 - 35m RoRo ramp.
 - Mobile heavy lift crane with supporting plant.
 - Southern Terminal available for development.
 - Proven track record on previous decommissioning projects.
- **Inner Harbour**
 - Multiple berth available.
 - 6m draft chart datum with 1 - 2m tidal range. Supporting Vessels up to 120m LOA.
 - Land to lease.
 - Excellent community engagement with local skills and suppliers.
