Richard Beck

Senior Operations & Maintenance Package Manager

May 2025

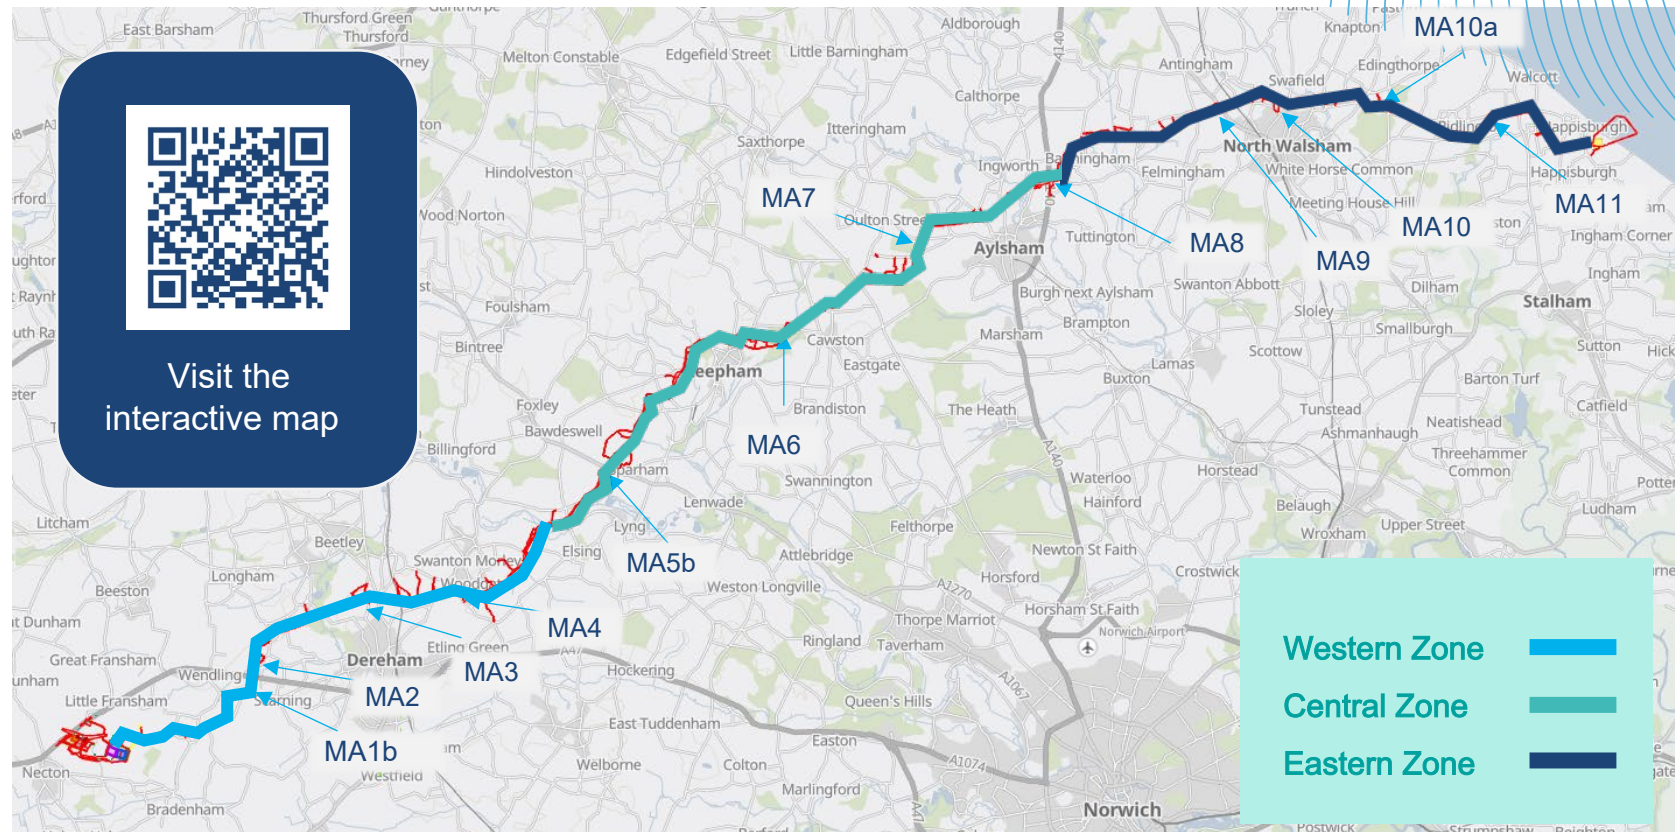

Another busy year for
Vanguard West, East
and Boreas in Norfolk

Onshore Export Cable

Visit the
interactive map

Onshore Substation Necton

- 400kV Grid connection near complete
- Ready for connection in 2026

Onshore Export Cable Necton - Happisburgh

- Drainage, landscaping and fencing works continue
- Civils works commenced

Export Cable Route

1/3 in 2024, 2/3 in 2025

	Prep	HDDs	Ducting	Reinstated
West	●	●	●	●
Central	●	●	●	●
East	●	●	●	●

Key: ● Underway ● Completed

- On track despite challenging winter period
- JS Murphy and RWE have received very positive feedback from landowners

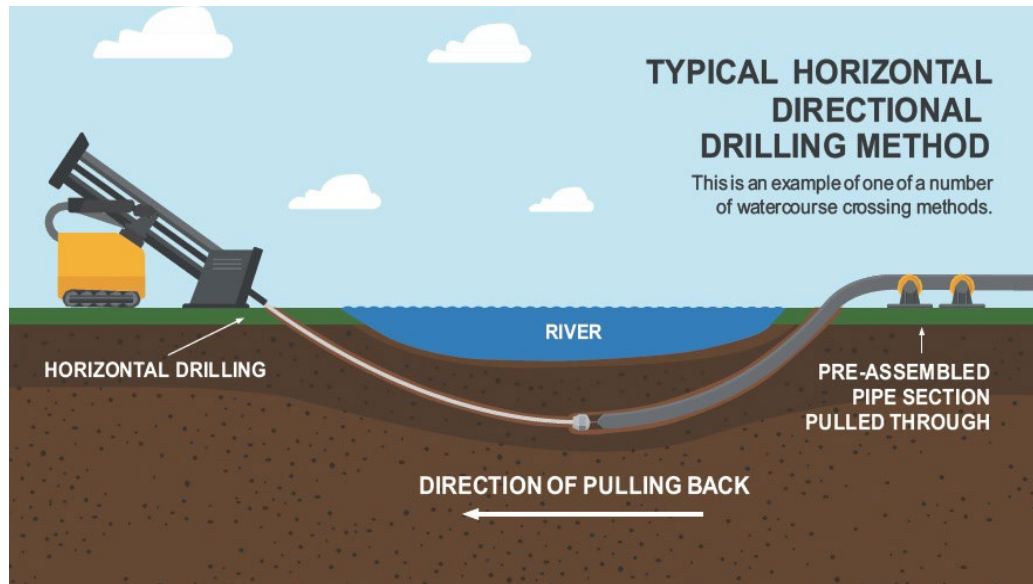

Export Cable Route

Maximised use of HDD

Considerate method to drill underneath:

- Woodlands, hedgerows and trees to avoid felling and wildlife
- Minor watercourses and major rivers
- Roads and railways to avoid traffic disruption

We consider it a worthwhile investment to complete the works in accordance with best practices and available technologies

O&M Base Great Yarmouth

Phase 1 - 2024 -25: *COMPLETE*

- Great Yarmouth Borough Council and Norfolk County Council
- Demolition and clearing of underground structures
